

Leverantörsuppföljningar per region 2024

Urval för nationella uppföljningar grundas primärt på antal regioner på avtal, affärsvärde och uppföljningshistorik.

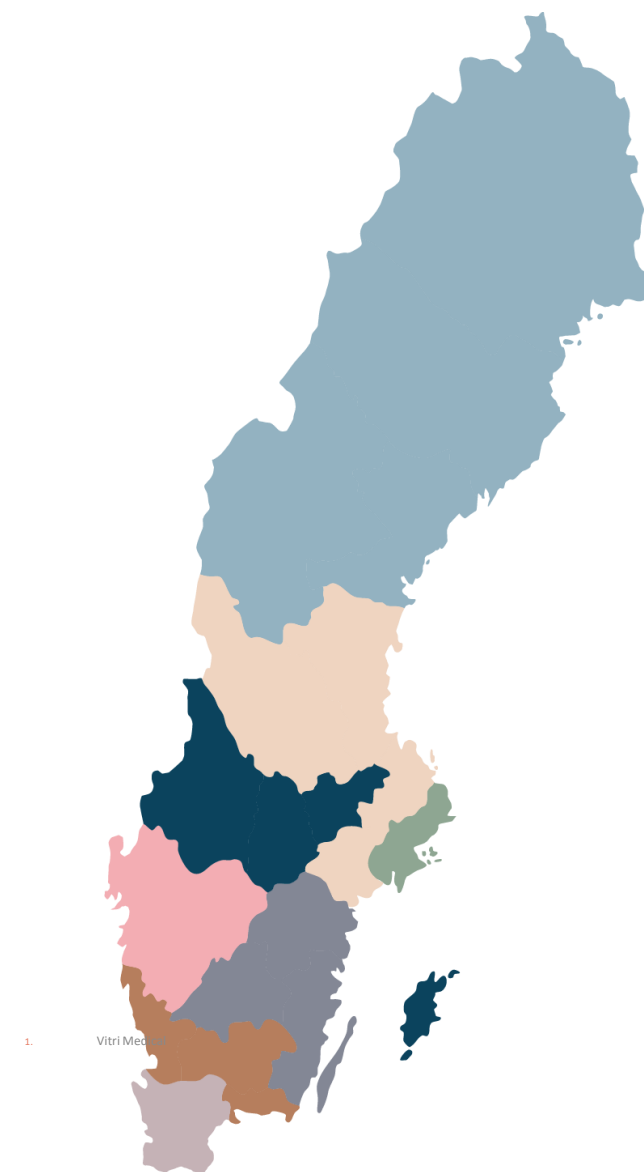

Datan är hämtad från OFFDA och omfattar vilka regioner som faktureras av leverantörerna i fråga. OFFDA genomför årligen en nationell insamling av affärsvärden och värdena i denna tabell baseras på senaste data från 2023. Faktureringen kan avse andra produkter än det reviderade stickprovet vid revisionstillfället under 2024.
